**HOMEWORK:** As the course progresses we recommend two things:

1. Take a few minutes each week to read through your lesson notes from previous weeks. Consolidation is valuable.

2. Try to get a group of four people together for an hour or two for a practice session. The more you play the easier it is to learn.

**Timetable for 2009 -**

Each course consists of 10 lessons, starting at 7.30pm and finishing at 10.00pm. The cost for the course is \$50 (Full-time students \$40).

All our tutors are very experienced bridge players and teachers of the game.

**The lessons** are structured to teach bridge to complete beginners. Sometimes there are people in the classes who have played a little before, or have some prior knowledge, but most of the students are new to the game. A booklet of notes is available to all who join the classes.

**Bridge** is played with a pack of 52 cards, no jokers or bowers. The suits are Ace-high and points are counted for honour cards. The lessons cover all the basic information needed to play a game of bridge. After that - practice is the thing!

**The FORMAT** of each lesson will be:

7.30 - 8.30pm Teaching time.

8.30 - 10.00pm Bridge playing session based on set hands, covering aspects of the evening's topic.

**Partners:** Many people come along to the classes on their own and usually meet up with others with whom they can enjoy the game.

**When the lessons are finished** there are opportunities to join the Christchurch Bridge Club and continue to enjoy playing bridge with others from your class.

**To enrol in the classes or for further information please ring the Club Secretary/Manager, Susan Edwards, at 366-1516.**
